Dimension Door

The caster instantly transfers any single target creature within range to any spot within 200' + 20' per caster level (save vs. Spells if unwilling). The caster or target creature always arrives at exactly the spot desired, whether the caster visualizes the area or states direction and distance. Anything worn or carried by the caster or target creature will be transported also, including another character or creature if the transportee can lift it. If the target area is within a solid object, the spell fails automatically.
